GIVE YOUR KIDZ AN EDGE

Your children deserve to learn proper skating fundamentals using contemporary techniques while ensuring that they have fun. Kidz On Ice represents a creative approach for a learn-to-skate program. Skating is a fun activity and we strive to ensure that all participants who experience our program not only learn to skate, but have a positive lifetime experience.

Our teachers incorporate a theme in every class and use motivational, creative and fun teaching equipment, along with consistent instruction and lots of continuous movement throughout the lesson. Kidz will also enjoy low student/teacher ratios, allowing for more one on one instruction if required.
